

Marcus Callon

The *translator* across product, finance & architecture — an operator who leads with product, fluent in customer, P&L and code. Fractional & interim CXO mandates for founders, executive leadership & boards.

marcus.callon@gmail.com · notorious.kiwi · [linkedin](#) · Brisbane, Australia

4x CO-FOUNDER ACROSS PUBLISHING, MARTECH & CONSULTING SERVICES	20+ yrs - EXECUTIVE - PRODUCT - FINANCE - COMMERCIAL - TECHNICAL - OPERATIONS	ASX LISTED CHIEF CUSTOMER & PRODUCT OFFICER	AU • NZ • UK MARKETS SERVED AUSTRALIA • NEW ZEALAND • UNITED KINGDOM
--	---	---	--

Product, finance, architecture & operations.

01PRODUCT / CPO Early-stage product & reinvention. ASX-listed Chief Customer & Product Officer. Four-time co-founder. Specialist in early-stage product and product reinvention — connecting customer problems to solutions that fit the business and its goals, from discovery through to commercial launch. Leads problem/opportunity first, always.	02FINANCE / CFO The P&L seat, not the back office. Held the CFO role as an interim engagement for a cashflow-challenged business that was superficially profitable. Rebuilt finance ops <i>as part of the value stream</i> — a CFO/COO hybrid, not a back-office reporting function. Commercial, financials and executive positioning across the board.
03OPERATIONS / COO Operating-model design & delivery. Turnaround and growth-stage org design (most alive in the 10–200+ person moment). Leads transformation working groups that challenge the status quo with empathy and care — design-and-build, not axe-wielding cost-cutting. Delivery assurance across multi-country teams.	04ARCHITECTURE / CTO Enterprise to AI-native build. Enterprise Solution Architect across government and financial services. Pre-sales bid architect; lead architect on the Mastercard payment gateway. Today builds AI-native agents that execute across the tech, product and P&L stack — not just advise.

Executive capabilities, *what I own at C-level*.

Venture & product strategy — 0→1 venture building and product vision & reinvention — Product vision, roadmap & commercialisation — Product-Market fit leadership and execution — Founder & growth-stage product leadership	Commercial & P&L stewardship — CFO / acting CFO & capital stewardship — Cashflow & operating-model rebuild — Financial & Commerical modelling, planning & executive positioning — ASX-listed and private company executive leadership — Broad and emerging DD capabilities both buy and sell side
Operating-model & org design — Org design and implementation for the 10–50 growth-stage moment — Transformation working groups, not lone turnarounds or directive based change — Delivery assurance & multi-country team leadership, structure and strategy — Empathy-led change with operating and pragmatic discipline across finance, strategy and people.	Architecture & AI-native delivery — Solution architecture & future-state modelling — AI-native agent orchestration — Build–measure–learn at delivery scale — Cloud, DevOps & technical-debt governance

Experience

CHIEF CUSTOMER & PRODUCT OFFICER

– *XPON TECHNOLOGIES GROUP (ASX:XPX)*

2024
–present

Executive leadership of customer and product for a next-generation customer-experience and data-platform business.

- Owns product strategy and commercialisation across the Wondaris data platform.
- Aligns and steers customer insight, product & offering direction and commercial outcomes across the listed entity.

CHIEF PRODUCT OFFICER

– *XPON PLATFORMS - XPON TECHNOLOGIES GROUP (ASX:XPX)*

2021
–2024

Product leadership across the group's two growth products — the Wondaris customer-data platform and the Holoscribe digital-publishing platform.

- Built and led the product function from the ground up across Wondaris and Holoscribe.
- Drove product through the company's ASX listing and commercial scale-up phase.

CHIEF OPERATIONS & PEOPLE OFFICER

– *XPON DIGITAL - XPON TECHNOLOGIES GROUP (ASX:XPX)*

2020
–2022

Lead and owned the operations of XPON Digital a Software Solutions and Consultancy division based in the UK with a distributed team across the UK and Vietnam. Created and owned the operating model from sales to delivery to support and the backbone management reporting and financials to support that underpinned by a tribe, chapter, squad model with shared culture of excellence.

- Owned gross margin and the majority of the opex outside of sales on the P&L

CO-FOUNDER & CHIEF PRODUCT OFFICER

– *FOCAL LABS*

2013
–2020

The "product guy aka CPO" — co-founded a service-based startup enabler supporting MVP development and commercial momentum for early-stage concepts.

- Held the founding product remit across the Focal Labs ventures (Shorthand, Immersive, Holoscribe).
- Owned concept-to-MVP-to-launch and commercial validation for portfolio ventures.

CO-FOUNDER & CHIEF PRODUCT OFFICER

– *HOLOSCRIBE*

2015
–2020

- Led product, people and innovation across venture-building.
- Took the venture from concept through seed funding to acquisition.

STRATEGY, INNOVATION & TRANSFORMATION ADVISOR

– *4IMPACT*

2017
–2020

- Member of the transformation working group — defined and led a progressive growth and turnaround strategy.

ACTING CHIEF FINANCIAL OFFICER

– *4IMPACT*

2019
–2020

- Stepped into a cashflow-challenged, superficially profitable business.

ENGAGEMENT PROJECT MANAGER

– *EARTHQUAKE COMMISSION (EQC, NZ) VIA 4IMPACT*

2015
–2017

- Worked with the CIO and Executive General Managers on the claims function; partnered with central NZ government IT.

CO-FOUNDER & PRODUCT LEAD

– *SHORTHAND*

2013
–2015

- Clients: BBC, Guardian, ESPN, The Times, Financial Times, Hearst and Trinity Mirror across the UK, Europe, Australia and the US.

CO-FOUNDER & PRODUCT LEAD

– *IMMERSIVE (LATER SHORTHAND SOCIAL)*

2014
–2015

- Took the concept from MVP to beta launch in under six months; 1000+ users and 500+ stories in the first six weeks.

2011–13 4impact — Head of Delivery . | 2010–11 4impact — Solution Architect. | 2009–10 Mastercard — Lead Developer, Payment Gateway.
